Thanks Dee. I realize that this was incredibly short notice. And if Kristen is not available (I haven't heard back from her yet) we will of course reschedule. I also hope on the call this morning we can select the date for the next call so everyone can participate.

Your comments are noted below and I will make sure they are brought up on the call.

Hi Jennifer I have another appointment at that time however Kristen should be available. My request is to have Bristol participate on Friday's call and be informed of any agreements between the EPA and State and/or based on the schedule that was developed between the EPA & State (Judy F? and Sherri K) to identify where and how EPA will be participating, etc.

Thanks
